Educational Trip on Responsible Gold Ticino, 8th-9th September 2023

Educational trip on Responsible Gold

The Commodity Club Switzerland is glad to invite you to its 4th educational trip on **8th-9th September 2023**.

Based on the topic of Responsible Gold, among other activities we will have the exclusive chance to visit one of the **world's leading gold refinery** in Ticino.

What is the refinery known for?

- It's one of the **leading company in the precious metals industry**
- It offers **recycling, trading and final products** to customers through its demand-oriented **hedging or financing, short recycling times** and **fast processing**
- It meets **transparency** requirements thanks to its **in-house developed platform** accessible anywhere and anytime.

Through its technology and solutions, the company aims to become the first company in the industry to operate carbon neutral by 2025.

Event highlights

-  **Visit to gold refinery**
-  **Gold panning: finding gold in Ticino**
-  **Extra cultural activity: wine-tasting in Ticino's vineyards**
