2° Edition

Educational trip on Responsible Gold

Following last year's success and interest, the Commodity Club has decided to repeat the experience. It is with great pleasure that we invite you to participate in the **second edition of the educational trip on Responsible Gold**.

VISITING A LEADING GOLD REFINERY

We will have the exclusive chance to visit a **world's leading gold refinery** in Ticino.

- A **leading company in the precious metals industry**
- that offers **recycling, trading and final products** to customers through its demand-oriented **hedging or financing, short recycling times** and **fast processing**
- and meets **transparency** requirements thanks to its **in-house developed platform** accessible anywhere and anytime.

2° Edition Event highlights

-  Visit to a **gold refinery**
-  **Gold panning:** finding gold in Ticino
-  **Local wine-tasting** in Ticino's vineyards

Only 8 places available.

Make sure you **confirm your participation by 20th May** to secure your place.

The group is deliberately kept small to give you an exclusive insight.
