

Responsible gold as an investment product

Wednesday, November 3rd, 17:00 – 21:00 CET in Zurich

Dear Commodity Club Members & Experts,

The Commodity Club Switzerland (CCS) in collaboration with Swiss Sustainable Finance (SSF) and Swiss Better Gold Association, invites you to attend an event focusing on **Responsible gold as an investment product** on Wednesday, November 3rd, at 17:00 – 21:00 CET at Haus zum Rüden, in Zürich.

To explore the topic, we will have an overview of market standards, followed by a deeper look into investable products. There is positive momentum in this area and a few Swiss-based asset managers have developed innovative products that address issues such as recycling, ethical standards and artisanal mining.

The following experts will join the event:

- **Presentation: Overview of market standards for large-scale and small-scale gold mining.**
Speakers:
 - **Sakhila Mirza**, Board Director and General Counsel at the London Bullion Market Association (LBMA),
 - **Diana Culillas**, Secretary General of Swiss Better Gold Association.
- **Panel discussion: Investable products.** Speakers:
 - **Christian Hofer**, Head of Corporate Responsibility & Sustainability at Raiffeisen,
 - **Manuel Epprecht**, Portfolio Manager at Swiss Rock Asset Management,
 - **Giancarlo Camerana**, Strategic Advisor at QOre Switzerland SA
- **Moderator: Markus Nöthiger**, Managing Partner at ENEMCO

The presentation and panel discussion will be held from 17:00 – 19:00 o'clock, followed by an apéro riche. The entry fee is 50.- CHF (and for members of CCS, SSF, or Swiss Better Gold Association 30.- CHF). Participation will only be possible with a valid Covid certificate (i.e. vaccinated, recovered, or tested). Register to attend by [clicking here](#).
