September 20th, Geneva

Dear Commodity Club Members & Experts,

**GTR Commodities 2022**, the premier gathering for the global commodity financing sector, will return to **Geneva on September 20, 2022**.

Once again providing an unrivalled platform for networking between leading industry experts, this year's meeting will feature in-depth **assessment of the seismic shifts impacting global commodity trade** and financing amidst the fall out of the Ukraine invasion and lingering pandemic-driven supply chain disruption.

Interactive debate will seek to map a proactive course through a rapidly evolving trading landscape, identifying **growing investment in new geographies** to secure goods supply, the **impact of energy security concerns on the decarbonisation** and 'net-zero' agenda, the need to ensure traders of all sizes have suitable access to financing, and the **role of technology in enhancing efficiency and transparency**, from digitising crucial paper processes to tracking ESG performance.

Don't miss your chance to connect with a host of commodity traders, financiers, innovators and policymakers, and explore the unique set of opportunities and risks posed by a highly volatile business environment.
